

Quick Update on Proposed and Final September 2013 NPL Listings
5/17/13

Purpose of Briefing: Prep Director and Deputy Director for state calls and signature of letters to local officials.

Note: Letters are currently going through concurrence

State Contacts	Site	EPA Contacts
<p>Executive Director: Steve Thompson 405.702.7163 Steve.thompson@deq.ok.gov</p> <p>Director Land Protection Division : Scott Thompson 405-702-5100 Scott.thompson@deq.ok.gov</p> <p>Remediation Protection Manager: Rita R. Kottke PhD. 405.702.5100 Rita.Kottke@deq.ok.gov</p> <p>Environmental Protection Manager: Amy Brittain 405.702.5157 Amy.Brittian@deq.ok.gov</p>	<p>Need for NPL Listing: The state of Oklahoma referred the site to the EPA because the potentially responsible party would not voluntarily address site contamination. Other federal and state cleanup programs were evaluated, but are not viable at this time. The EPA received a letter of support for placing this site on the NPL from the state of Oklahoma.</p> <p>Potential Impacts: Currently, a church and six residents are located within the former refinery boundaries, half of which utilize ground water from private wells. Intermittent streams drain the source areas and flow to Sand Creek. A release of copper, lead and PAHs has been documented to the wetlands of Sand Creek. Sand Creek flows to Little Deep Fork Creek from which fish are caught for human consumption.</p> <p>Site History: The site consists of the former Lorraine/Wilcox Refinery located in Creek County, Oklahoma. The property was utilized by two different refineries with overlapping boundaries from 1915 to 1965.</p>	<p>Brenda Cook SAM 5-7436 Bill Little CIC 5-8131</p>
